**New! Sealer's Choice Gold Rapid Cure Formula**

## The Leader in Stone & Tile Maintenance

- Contractor Preferred Products for Sealing, Cleaning, Restoring and Problem Solving
- Easy-To-Use Professional Formulas

From  
North America's  
**Best Selling**  
Sealer  
Company

## THE AQUA MIX LEGACY

Aqua Mix products have a 25+ year history of leading the global stone and tile industry with innovative care and maintenance solutions utilizing unique, water-based formulas. As a part of Custom® Building Products - North America's largest provider of tile and stone installation systems - the Aqua Mix brand continues to expand its worldwide market offering. We offer sealers, cleaners, grout colorants, problem-solving and stone restoration products along with unsurpassed innovation and customer support.

## QUALITY, TRUSTED PRODUCTS

Aqua Mix products for any type of stone, tile, grout and masonry are preferred by professionals and homeowners for their easy-to-use formulas and high-quality results.

Professional reputations depend on the lasting beauty and durability of each installation - so they rely on Aqua Mix products to protect and clean with high-performance formulas.

Homeowners appreciate our easy-to-use formulas that afford them the opportunity to use the products that industry professionals recommend, so they can maintain their high-quality installations properly.

## INNOVATIONS

Scientists at Custom Building Products, research and development laboratory work diligently to deliver innovative products by working side-by-side with research teams around the world to identify emerging trends throughout the stone and tile industry, while earnestly focusing on formulas that are kinder to the environment and still provide maximum performance.

## BUILD GREEN

Aqua Mix low and no VOC (volatile organic compounds) products emit only a low amount of VOCs or none at all, helping to provide better indoor and outdoor air quality compared to similar traditional products.

Aqua Mix has offered low and no VOC sealers for many years, and now these sealers are part of Custom Building Products' BuildGreen® program and earn points toward LEED® (Leadership in Energy and Environmental Design) certification.

Contributes to "Leadership in Energy and Environmental Design" certification.

## BIODEGRADABLE FORMULA

Aqua Mix's biodegradable cleaners - Concentrated Stone & Tile Cleaner, Stone Deep Clean, and Grout Deep Clean - are designed to break down quickly and naturally in the environment. These upgraded formulas provide the quality performance and commitment to more environmentally responsible products that Aqua Mix customers have come to expect.

Bringing customers innovative products that work in specialized situations is possible because of our forward-thinking scientific team that introduced formulas and technologies that exceed expectations for product performance.

## SPECIAL ORDER PRODUCTS

For special order products terms and conditions please see current Price Schedule.

## HOT NEW PRODUCTS

### Sealers Choice Gold - New Rapid Cure Formula

- Maximum stain protection in less than 4 hours
- Water-based formula
- For interior/exterior use
- No-sheen
- Penetrating Sealer

### AquaShield Cleaner & Resealer

- Contains sealer to reseal as it cleans
- Ready-to-use
- Non-acid, non-abrasive formula won't damage grout or tile
- Cuts through grease, dirt, food, & soap scum
- Use over any penetrating sealer
- Ideal for everyday use

Voted the **Most Preferred Brand of Sealers and Cleaners** in the Tile & Stone Installation Contractor ClearREPORT

SEALERS *The advantages of most Aqua Mix sealers are:*

- Water-based
- Emit low or no VOCs (Volatile Organic Compounds)
- Apply easily
- Prevent a variety of stains –both oil and water-based
- Allow MVT (Moisture Vapor Transmission)

The Build Green Logo symbolizes the variety of Aqua Mix Sealers that have Low to No VOC which contribute to “Leadership in Energy and Environmental Design Certification.”

WHY SEAL?

- Sealers protect by putting a barrier between contaminants and the surface
- Sealers provide on-going stain resistance
- Sealers prolong the life of the surface

PENETRATING SEALERS  
PENETRATE THE SURFACE AND PROTECT AGAINST OIL AND WATER-BASED STAINS.

**Sealer’s Choice® Gold** Premium, no-sheen, natural-look, low VOC, **water-based**, penetrating sealer formulated to provide maximum stain protection, especially in food preparation and serving areas. May also be used as a pre-grouting sealer.

**Ultra-Solv®** Premium, no-sheen, natural-look, solvent-based, penetrating sealer formulated to provide maximum stain protection, especially in food preparation and serving areas. May also be used as a pre-grouting sealer.

**Penetrating Sealer** Economical, no-sheen, natural-look, **water-based**, penetrating sealer designed to resist stains.

**Pro-Solv®** Economical, no-sheen, natural-look, solvent-based, penetrating sealer formulated to resist stains, on porous stone and tile. May also be used as a pre-grouting sealer.

**Grout Sealer** **Water-based** sealer that resists water, oil, and acid-based contaminants. Simplifies maintenance.

**SameDay™ Grout Sealer** A no-sheen, natural look, **water-based**, non-flammable, aerosol sealer with a 360° nozzle specially formulated for grout. Can be applied as soon as 6 hours after grouting – making sealing an efficient, economical process.

CLEANERS

The advantages of Aqua Mix cleaners:

- Specifically formulated to be part of the perfect routine or heavy-duty cleaning solution for any stone, tile or grout surface
  - Safely remove stains, dirt and grease
  - Restore the appearance of neglected or heavy use areas
- General purpose, acid based cleaners, especially those containing lemon, acid,

bleach or vinegar can visibly damage or etch the tile or stone surface.

Aqua Mix routine cleaners are non-acidic and won't damage stone, tile or grout.

ROUTINE CLEANERS  
FOR GREASE BUILD-UP, RESEALING, HARD WATER DEPOSTIS, POLISHING

**AquaKleen™**  
Ready-to-use, powerful, multi-purpose tile and grout spray cleaner that also deodorizes kitchens and bathrooms. Removes grease, grime, and dirt, including kitchen traffic dirt.

**AquaShield™**   
Ready-to-use, cleaner and resealer that shields as it cleans. Non-acidic, non-abrasive formula won't damage stone, grout or tile. Contains sealer to reseal as it cleans.

**Stone Clean & Shine**  
Spray-and-buff cleaner designed to enhance the natural beauty of stone.

**Concentrated Stone & Tile Cleaner**  
Super-concentrated neutral pH cleaner formulated for everyday use. This neutral cleaner, when used regularly, prevents soap scum build up and hard water deposits.

**Brilliance® Polishing Wax**  
Polishing cream and cleaner that nourishes and adds luster to polished stone countertops and walls.

Stone Deep Clean

**Grout Deep Clean**

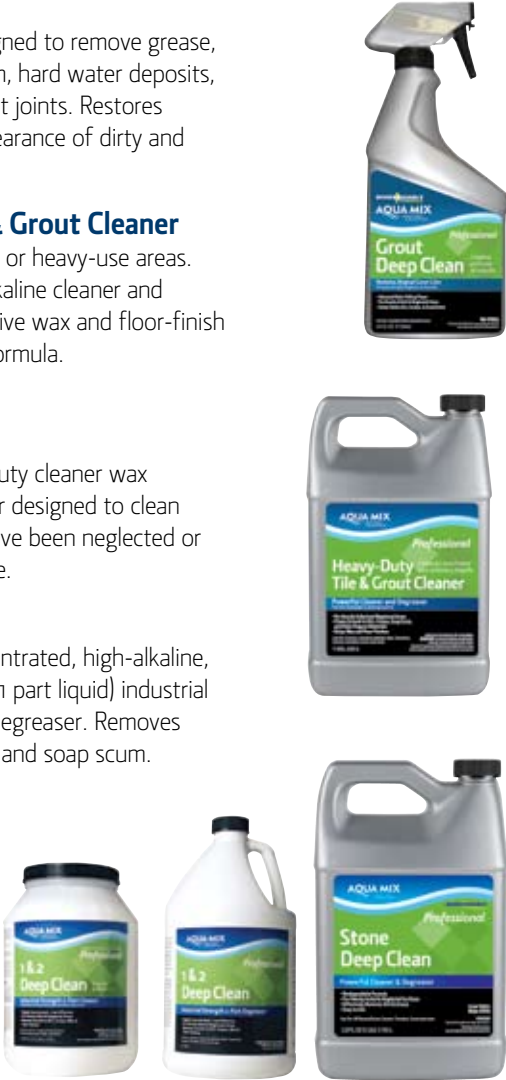

Powerful cleaner designed to remove grease, food stains, soap scum, hard water deposits, dirt and soil from grout joints. Restores original color and appearance of dirty and stained grout.

**Heavy Duty Tile & Grout Cleaner**  
Deep cleans neglected or heavy-use areas. Concentrated, high-alkaline cleaner and degreaser. Fast, effective wax and floor-finish remover. Non-acidic formula.

**Stone Deep Clean**

Concentrated heavy-duty cleaner wax stripper, and degreaser designed to clean stone surfaces that have been neglected or subjected to heavy use.

**1 & 2 Deep Clean**  
Effective, highly concentrated, high-alkaline, 2-part (1 part powder, 1 part liquid) industrial strength cleaner and degreaser. Removes ground in dirt, grease, and soap scum.

# PROBLEM SOLVERS

Occasionally stone, tile, or grout areas need special attention to remove deep-set stains or efflorescence, stripping old finishes or cleaning grout haze. Aqua Mix problem solving products provide a safe and effective solution for these needs.

## FOR TOUGH STAINS GROUT HAZE — RUST — MINERAL DEPOSITS — SEALERS — EFFLORESCENCE

**NanoScrub® Cleaner**  
Powerful abrasive cream cleaner with NanoSTG™ (nano-sized particles) to penetrate into small surface pores where it can effectively work to remove surface stains and residues. Effective for cleaning all stone and tile surfaces. NanoScrub® is nontoxic, non-flammable and non-acidic.

**Grout Haze Clean-Up**  
Easy, concentrated cleaner for removal of grout haze and latex additive film from tile during the grout cleanup process. It may also be used full-strength to remove light grout residue within the first 10 days after grouting.

**Phosphoric Acid Substitute**  
Premixed acidic treatment designed to remove grout haze, mineral deposits, rust stains, mortar smears, and efflorescence. Also removes cement grout and mortar residue from tile, concrete, and masonry. Etches concrete. No VOCs, No phosphates.

**Grout Release**  
A temporary, water soluble, pre-grout coating to protect masonry and stone against grout and mortar staining.

**Sulfamic Acid Crystals**  
Removes cured grout and mortar haze, rust and mineral deposits including efflorescence.

**Poultice Stain Remover**  
Non-acidic stain remover. Removes deep-set oil and grease stains without scrubbing.

**Extreme® Rust Stain Remover**  
Non-flammable, heavy-viscosity acidic cleaner designed to remove years of accumulated discoloration from air pollution or carbon build-up.

**Eff-Ex® Efflorescence Remover**  
Contains EX-2™ Technology, which removes and inhibits efflorescence.

**Sealer & Coating Remover**  
Fast, powerful stripper to remove most sealers, epoxy grout haze, urethane coatings, synthetic finishes, adhesives, and paints. Also dissolves deep-set stains and removes heavy grease buildup.

# STONE RESTORATION

Bring back the life and beauty to dull, scratched, or etched and neglected calcium-based natural stone with Aqua Mix's stone restoration products.

## STONE RESTORATION FOR POLISHED STONE

### Knockdown® Honing Powder

Removes light surface scratches, moderate acid etching and wear patterns, producing an even, flat, honed finish for marble, travertine and limestone.

### Renue® Spot Re-Polishing Cream

Restores shine to dull, etched, or lightly scratched polished natural stone.

### Reviver® Polisher

A user-friendly, ready-mixed paste for polish restoration and maintenance of worn, calcium-based, polished stone.

### Grout Colorant

An easy-to-use waterborne epoxy that re-colors, seals and rejuvenates existing grout joints. **Also available in all Custom Building Products' grout colors.**

### Grout Colorant Pre-Treat Cleaner

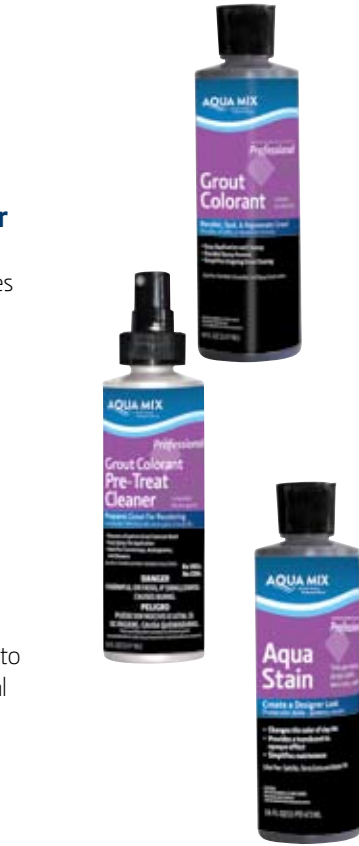

Removes dirt, soil, soap scum and hard water deposits from grout joints. Prepares grout joints for a superior bond.

### Grout Colorant Kit

- Contains the materials you need to change the color of your grout.
- Grout Colorant Pre-Treat
  - Grout Colorant
  - Application Brush
  - White Nylon Pad

### Aqua Stain

Concentrated translucent stain designed to change the color and enhance the natural texture of porous adobe clay tile.

# INDUSTRY LEADERSHIP

Custom plays an important role in the stone and tile care and maintenance industry with active involvement in the following organizations:

- Australian Stone Advisory Association (ASAA)
- Australian Tile Council (ATC)
- Building Stone Institute (BSI)
- Construction Specification Institute (CSI)
- Ceramic Tile Distributors Association (CTDA)
- Ceramic Tile Institute of America (CTIOA)
- Marble Institute of America (MIA)
- National Cleaning Supplies Association (NCSA)
- National Terrazzo and Mosaic Association (NTMA)
- National Tile Contractors Association (NTCA)
- Tile & Marble Association of Canada (TTMAC)
- United States Green Building Council
