LIMITED PRODUCT WARRANTY

Custom Building Products ("Custom") warrants to the original consumer purchaser that its product shall be free from defects in material and workmanship under normal and proper usage for a period of one year following the date of original purchase. Custom's sole liability under this warranty shall be limited to the replacement of the product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty will not extend to any product which has been modified in any way or which has not been used in accordance with Custom's printed instructions. Custom makes no other warranties either express or implied. This warranty gives you specific legal rights, and you may have other rights that vary from state to state.

GUARANTEED
QUALITY SATISFACTION

KNEE PADS

Unique Benefits Unlike ordinary knee pads, ours are designed for comfort, offering a custom fit with designated left and right to match your knee caps. Your shin is supported with a lower wedge that takes pressure off both your knees and toes allowing extended working time with minimal discomfort. Made of dense foam, these knee pads offer the ultimate in comfort and durability. Extra wide straps won't bind behind your legs.

ITEM NO.	DESCRIPTION	PKG.
P1KP1	Knee Pads	4

GROUT FLOAT

Unique Benefits Unlike ordinary grout floats, our solid Polypropylene™ float is built to last, it doesn't have layers of material to peel apart. The combination of a soft material and a sharp edge leaves less grout behind, making clean-up faster and easier. Instead of a traditional D-shaped handle, our specially designed handle gives comfort in either hand and it's long enough to fit both hands. Offset handle means no reason for a second float to grout hard-to-reach areas. And now you can hang it on your bucket.
